Governor Williams has just received returns from the seven car-ion is of atvers which he sent from his farm to New York some ten days ago, about which something has been said. They averaged a little over 1.600 pounds each, and were sold at from 9\footnote{10} to 10\footnote{10}, averaging a little over 10 cents, making the whole proceeds over \$11,000. He paid \$100 per car-iransportation, which makes a reduction of \$700 on the lot, leaving a little over \$13,000 pett, which is about little over \$13,000 nett, which is about \$130 per head. He has two or three car-loads not quite so fine, and about two car loads of hogs which he will ship shortly. The governor has the most of his lands in blue-grass pastures and raises about 1 (a) seres of corn, all of which he feeds to his cattle and hogs, and frequently buys considerable besides. Some pronounced inv spine, some my large, and some my heart, to be the seat of my disease. I have been hurnt, blistered and cupped, till I had become disheartened. Several very eminent physicians who examined my spine, informed methat I was threatened with paralysis or appoplicacy any day, and that nothing but a seaton would refleve me. I had a perfect horror of that, and was hestiating about having one inserted, when you kindly sent me your Sarsaparilla which I immediately begun to take three times a day. I had suffered terribly with a most acute pain in the right side of my head, especially when I would read or write for any length of time, and on rising to my feel would be perfectly blind for several minutes, and would have to hold to something to prevent falling.

I was wounded about two years ago—was taken prisoner and confined for sixteen months. Being moved so often, my wounds have not healed yet. I have not set up a moment since I was wounded. I am shot through the hips. My general health is impaired, and I need something to assist nature. I have more faith in your Sarsaparilla than any thing else. I wish that that is getuine. P. S.—The following was written April 39th, 1868, by Mrs. Jennie Johnson, mother of Capt. Johnson;

Da. Jone Reil-Johnson My husband Dr. C. S. Johnson, was a skillful surgeon and physician in Central New York, where he died, leaving the above C. P. Johnson to my care. At thirteen years of age he had a chronic distriben and scredule, for which I gave year Sarsaparilla. It cared him. I have for ten years recommended it to many in New York, Ohio and lows, for scrofula. Fever sores, andgeneral debility. Perfect success has attended it. The cures effected in some cases of sgrafula and fever sores were almost miraculous. I am yery envious for my son to geain have recourse to your Sarsaparills.
